To whom it might concern,

I was approached to comment on doc. Ph.Dr. Peter Horváth, PhD. application for the inauguration procedure associated with his request to gain the title of professor. I know doc. Ph.Dr. Peter Horváth, PhD. For almost 10 years, predominantly as manager and less in his academic work. In this perspective I am unable to comment on his academic competence (neither am I competent to do so), however, I can competently say that he is competent manager, who is able to separate his personal feelings from his decisions and thus for sure proves skills of a leader at the level which are needed in the title of professor. In this perspective I do recommend him to gain the title of a professor if he fulfils requested academic criteria.

Yours sincerely,

prof. dr. Uroš Pinterič
